

WL-B10 Headboard Reading Light

Fold-out reading light · 360° stop-anywhere · 3 W · CRI > 90

PRODUCT FEATURES

- Aluminium profile housing with excellent heat dissipation
- High-gloss brushed finish, matched to the furniture hardware
- 360° rotation — stops at any angle, stays there
- Large-chip SMD 3030 design for stable output and long life

A reading light that disappears into the headboard. The machined aluminium body sits flush in a 180 × 60 mm rebate; swing it out to any angle, it stops where you leave it, and folds flat into the panel when not in use. Runs straight off AC mains, so no driver space is needed inside the furniture.
