

WL-B11 Wardrobe Rod Light

Illuminated clothes rail · Ø 31.75 mm · up to 1.5 m · 12/24 V

PRODUCT FEATURES

- Thickened aluminium body — sturdy, doubles as the clothes rail
- PC diffuser with an extremely large light-emitting surface, uniform without dark areas
- Custom length up to 1.5 m, 2–5 mm adjustment gap on installation
- Low voltage 12/24 V with optional sensing switch; OSRAM chips, LM80, 50,000 h

The wardrobe hanging rail is the light. A Ø 31.75 mm aluminium rod with a full-surface PC diffuser replaces the standard closet rail and lights the clothes from directly above, with no dark areas and no visible points. Length is made to the cabinet and adjusts 2–5 mm on installation; a door-contact or PIR sensor switches it as the door opens.

SPECIFICATION

Model	WL-B11 (SMD engine) · WL-B11C (COB engine)
Light source	SMD 2835, 120 LEDs/m · COB 480 LEDs/m
Diameter	Ø 31.75 mm
Length	300–1500 mm, to cabinet; 2–5 mm adjustment gap
Power	9.8 W (SMD) · 8 W (COB)
Luminous flux	600 lm (SMD) · 450 lm (COB)
Colour temperature	1800–6500 K
CRI	> 90
Chips	OSRAM
Voltage	DC 12 V / 24 V
Control	Door-contact sensor · PIR · wall switch
Finish	Gold · black · silver
Ingress protection	IP20 (interior use)
Rated life	50,000 h (LM80)
Certification	CE · UL · SAA (whole luminaire)
Declarations	RoHS · REACH, per model

WEILUMEN
